

Home Visit Fees

Please ensure you have registered for the Extended Medicare Safety Net, which reduces your out of pocket expenses. Your rebate increases to approximately 80% of the total fee.

If you have had IVF or paid for a private Obstetrician, you will have likely met the Extended Medicare Safety Net (EMSN).

	Private Fee	Approx Medicare Rebate
Initial Home Visit (1-2 hours)	275.00	100.25-218.00*
Follow-up Home Visit (up to 1 hour)	190.00	59.25-140.45*
Where mum and baby are seen together, only one private fee applies. The other will be bulk billed.		

*Rebate amount will depend on the division of time needed for mum and baby

Home Lactation Visits will Include:

- Full postnatal wellbeing check for mum
- Baby weight and check-up
- Breastfeeding consultation
- Full oral functional assessment (including checking for oral ties)
- Support with expressing and storing milk
- Help with settling and sleep
- Arranging investigations, medications or referrals as needed

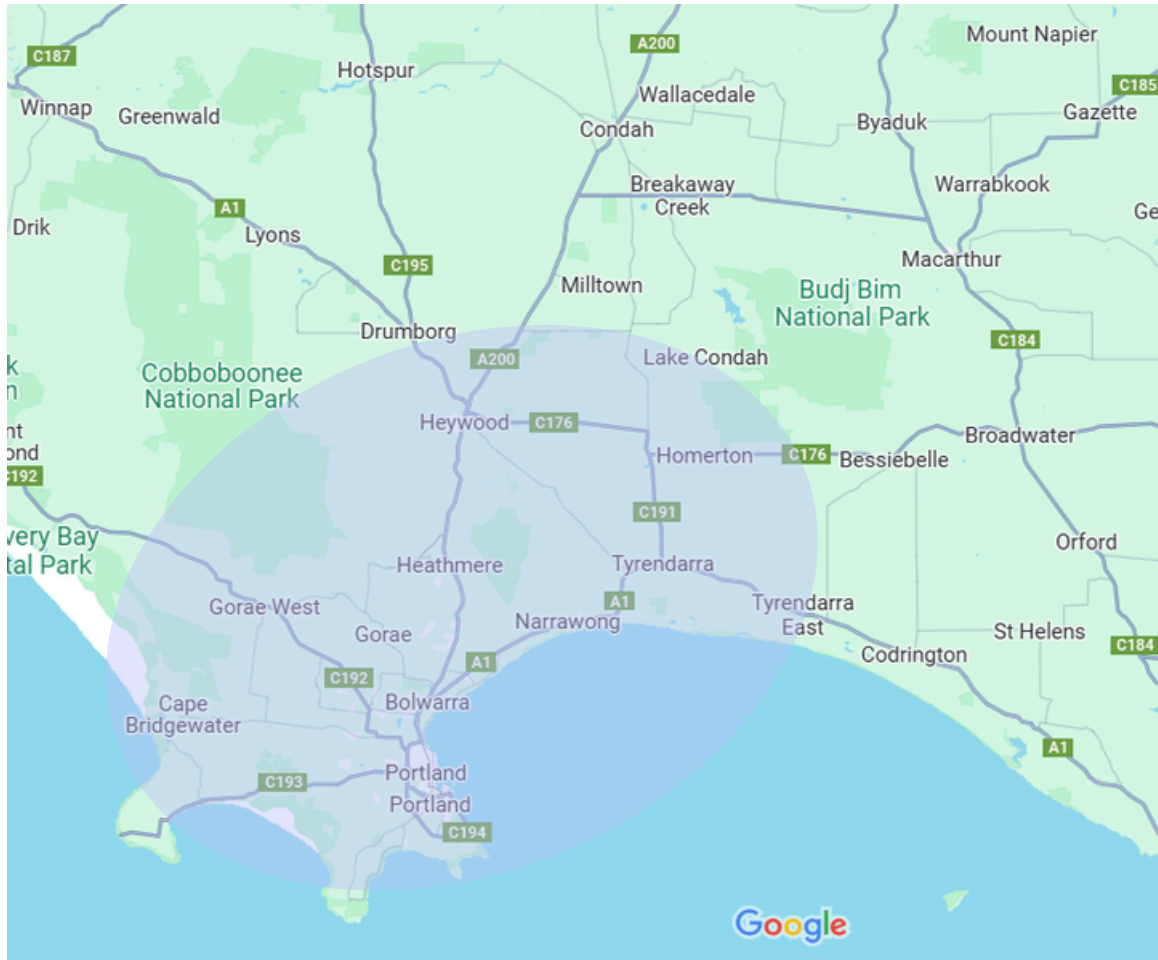

All Home Lactation Visits will include a Bulk-Billed follow up telehealth video consultation.

Travel Fees

Due to rising fuel costs, there is an additional travel fee for longer distances.

For home visits within the shaded area shown, **no additional fee applies.**

Outside of this area, there will be an additional fee (distance calculated from Heywood or Tyrendarra depending on the direction travelled):

- Up to 20km - \$35
- 20 - 40km - \$55
- 40 - 60km - \$75
- 60 - 80km - \$95
- 80 - 100km - \$115
- 100 - 120km - \$130
